Want just formal CPD POINTS?

CPD Points

Today's building industry professionals must successfully complete Continuing Professional Development courses in order to earn and maintain certain professional licenses, to accrue vital knowledge and education in their field, and to stay up to date about building laws, codes, trends and styles. The BDAA National Virtual Design Conference, all three days will be packed with CPD presentations, taught by our expert industry partners and covering energy, climate and sustainability issues, economical housing options, among others.

	WEDNESDAY <i>4th November</i>	THURSDAY <i>5th November</i>	FRIDAY <i>6th November</i>
